PRESS RELEASE

Alter Domus opens an office in Hong Kong, acquires Skye Fund Services

Alter Domus, the Luxembourg-based provider of outsourced administration services, announces the opening of an office in Hong Kong, as from January 1st, 2009. The new office will provide corporate management services to companies in the region. Alter Domus is also acquiring Skye Fund Services, an established Asian fund services provider, allowing it to provide fund administration services from Asia to its clients.

A presence in Hong Kong will allow Alter Domus, a company of about 375 people, to more easily serve its existing Asian clients. Equally, it will be able to offer locally-managed services to those attracted by the Hong Kong regulatory environment.

With a growing global presence, the Alter Domus team unites accounting, regulatory and compliance expertise to offer fully-integrated services to multinational corporations and alternative investment funds.

Javed Rahman of Skye has been appointed Managing Director of both lines of businesses.

“The Hong Kong and wider Asian markets represent important opportunities for our clients,” said Dominique Robyns, CEO Alter Domus Group. *“In an evolving environment such as this one our clients need us to be highly proactive and adaptable in our work. Having a complete team working in the local market will give us the crucial ability to provide services based on our real-time knowledge of the market and local regulations.”*

“Alter Domus Group has an excellent reputation in its field, both for the depth of knowledge it is able to offer and for the quality of service it provides its clients. Skye Fund Services brings to the partnership its significant experience and recognised expertise in selected Asian markets” said Javed Rahman, Managing Director. *“Working together, our local office will be able to build a dynamic and growing enterprise on this solid foundation.”*
